

SAPC-22478

Copy 2 of 6

25X1A

19 December 1957

MEMORANDUM FOR: 

SUBJECT

: Baird-Atomic, Inc.'s Invoice No. 51-51-1,  
Dated 30 November 1957

REFERENCE

: Memorandum to Project Finance Officer, dated  
13 December 1957 (SAPC-22409)

I have read your memorandum referenced above. I agree with your views as expressed in paragraph 3. Prior to 7 November I had several times discussed with Baird representatives the possibility of the study which was finally undertaken but it was not until that date that we were straightened out as to the manner in which this should be done and I had obtained permission of the DCI and the DDCI to finance the study. It is possible that Baird-Atomic could justify certain costs incurred prior to that date but these should not in my opinion include the cost of selling this item to us.
